I wanted to let you know how happy we are with EcoTabs. We started using EcoTabs Grease Trap tablets the beginning of June 2011. Prior to using EcoTabs we were having issues with foul odors. We also had to pump our grease trap every month at a cost of \$100.

Since we started using EcoTabs we no longer have any issues with odors. We have been able to extend the time between pumping our grease trap from once a month to once every 3 to 4 months.

I was amazed when you showed me the water sample you took 10 weeks after we started using EcoTabs. The water from the grease trap looked clean enough to drink.

I have been very happy with our decision to use EcoTabs. It has been and a pleasant surprise and a cost savings! The Moana Restaurant Group has been rolling out EcoTabs throughout our entire organization. I highly recommend DSN EcoTabs West and there products.

Sincerely,
Kelly Brean
