To Whom It May Concern,

We have tested Eco Tabs at several New York White Castle Restaurants with very favorable results. They not only keep our grease traps clean and odor free; they also saved us a considerable amount of money. Prior to using Eco Tabs we paid a service to pump our New York City traps on a monthly basis and the cost of the Tabs is but a fraction of that cost.

We are presently in the process of rolling out Eco Tabs in our entire NY operation and we have recommended the product for use throughout the White Castle System. We highly recommend this product.

Yours truly,
